## YOU HAVE SPOKEN. AVFUEL IS YOUR #1.

*Thank you for voting Avfuel Corporation #1 BEST FUEL BRAND in the US in Professional Pilot's PRASE survey. We're honored! We thank you for your vote, your business and your unflagging commitment to aviation. Your vote inspires us to continue to offer solutions that make your job simpler. (In other words, you are our #1, too!)*

## SPRINGTIME IS BIG TIME FOR AVIATION

Annual European Business Aviation Association Convention and Exhibition  
Geneva, Switzerland: May 17-19, 2011 • Avfuel booth: Hall 7, Booth 7001

EBACE acts as both forum and marketplace for flight departments pursuing business overseas. Convening all at once will be providers of aircraft maintenance, avionics, flight-planning, flight attendants, catering etc. EBACE facilitates your selection of ancillary aviation services for international treks. **More importantly, it makes choosing partners a face-to-face process.** As for us: EBACE permits Avfuel to learn from flight departments like yours how best to meet your needs.

If you are attending EBACE this spring, swing by Avfuel's booth to visit with staff and FBOs who offer international support. In our booth you will find a showcase of the Avfuel lineup of capabilities: worldwide contract fuel, flight planning, aviation insurance and more. Come discover how Avfuel makes every one of your flights flawless and affordable.

"EBACE is the ultimate opportunity for us to meet with our valued international customers.," says Avfuel's Marci Ammerman, director of marketing.

During the show, visitors to booth 7001 will be served beverages and light fare while they take in the sights and visit with Avfuel executives. Accompanying Avfuel will also be four US-based FBO coexhibitors.

**MORGANTOWN MUNICIPAL AIRPORT** MORGANTOWN, WV (MGW)

In the present economy, being rated one of the "best small cities in the country" is high praise indeed. Welcome to Morgantown, one of the nation's favorite cities for business and recreation. Home to West Virginia University, and fostering a sophisticated infrastructure for healthcare, recreation and commerce, Morgantown is rapidly becoming the region's hotspot for developing businesses.

Serving the region's travelers with both commercial and general aviation service is Morgantown Municipal Airport. Located at the intersection of I-79 and I-68, Morgantown Municipal Airport gives visitors effortless ingress to large cities in all directions, while providing them with a comfortable, customer service-centered atmosphere.

Equipped with an FAA-contracted control tower and long runways, Morgantown can accommodate large aircraft as well as small. In addition to full ground services, Morgantown Airport's FBO provides aircraft ground handling, sale of fuel and oil, hanger and tie-down space and pilot-planning services. Friendly staff can assist with hotel accommodations, car rentals, conference room rentals, catering, directions throughout the area and recreational recommendations.

AVTRIP BONUS POINTS 6 AVTRIP points per gallon of fuel purchased. Valid on Avfuel Contract Fuel purchases. EXPIRES 6/1/2011.
