Congratulations to Brian Rosenbeck from Jetlinx Aviation in Indianapolis, IN

Brian – who has participated in the AVTRIP program for five years – scanned the QR code in an Avfuel ad that ran in *Professional Pilot* magazine and was selected as the winner of an Apple iPad!

"I'd recommend AVTRIP to any pilot," said Brian. "It's free, fast and simple." When asked about some of his favorite features of AVTRIP (other than rewards!) Brian gave a shout-out to FBO employees: "The CSRs do a great job reminding us, asking for our AVTRIP numbers and quickly applying our credits."

"Thank you Avfuel for the new iPad – I will put it to good use," said Brian. "I also want to thank you for your services and for your AVTRIP rewards program."
