Earn 1 MILLION AVTRIP points by scheduling your international trip with Avplan!

Yes, you read that correctly – 1 million AVTRIP points (the equivalent of a \$10,000 U.S. Savings Bond) are up for grabs simply by booking a trip with Avplan, Avfuel's flight planning and trip-support company! For each international trip planned with Avplan and completed by September 30, the pilot, copilot, and dispatcher will each be automatically entered in a drawing to win 1 million AVTRIP points.

As if that weren't enough, use Avplan to arrange details for an international flight for the first time and receive 20,000 bonus AVTRIP points for the pilot, co-pilot and dispatcher. Earn additional points for each trip planned with Avplan thereafter.

And wait - there's more: additional AVTRIP points are available for referring new customers to Avplan! Receive 5,000 AVTRIP points for each referral upon completion of your referral's initial trip.

Visit www.avplantripsupport.com/millionpoints for more details. Plan your trip today: 877-359-4723

The clock is ticking – get your 2011 AVTRIP Scholarship applications in today!

Don't miss out on the chance to receive \$2,000 toward your continuing aviation education. The AVTRIP Aviation Scholarship was established for this specific purpose – so AVTRIP pilots can continue to set and meet new goals, no matter where they are in their aviation careers.

Current AVTRIP members with a minimum of 250 AVTRIP points accrued in the last 24 months are eligible. For rules, regulations, and to download the application form, [click here](#). **Application packets and materials must be received by October 01, 2011 for consideration.** AVTRIP Scholarship recipients will be notified by letter and featured in upcoming Avfuel communications.

Let Avfuel and AVTRIP help you get off the ground and closer to meeting your aviation goals – **apply today!**

Help educate America about business and general aviation

You may have seen recent news coverage of presidential remarks regarding business aviation and aircraft. The National Business Aviation Association (NBAA) and the National Air Transportation Association (NATA) both issued press statements (linked below) in response to the remarks, defending general and business aviation as critical to the nation's – and the world's – economy.

Many media outlets have been receptive to the information in the NBAA and NATA statements, providing these trade groups with an opportunity to educate the general public on this oft misrepresented industry. The NBAA also voiced their concerns over the remarks in the form of a letter, which can be read [here](#).

In addition, the NBAA has prepared a letter that people in the aviation industry are invited to send electronically to Congress using the Association's Online Contact Congress resource. If you wish to add your voice to the efforts to educate Congress about business aviation, [click here](#) to access, sign, and transmit the NBAA letter.

User Fee Alert: Write Your Members of Congress Today

Alert your congressman today if you believe that fuel taxes are a better mechanism than user fees to support aviation funding and modernization. NBAA has developed a new message for the association's online Contact Congress resource to reinforce this point in Washington. For more information [click here](#).

Come Visit Avfuel at EAA AirVenture!

EAA AirVenture, Oshkosh, WI • July 25-31, 2011

Come visit Avfuel during EAA AirVenture at the Avclub at the Jack Mark Welcome Hangar. Cool down in the air conditioning and enjoy food, beverages, and even ice cream. Avfuel staffers and volunteers will be on hand to provide attendees with show passes, transportation, rental car assistance and the "little things" that come in handy. Many of the airshow performers park in the Jack Mark Hangar – see their planes up close through the glass. We'll be there all week – stop by and say hello!
